## SYMPOSIUM HELP NEEDED

Cascade is responsible for demonstration room 3 at the Oregon Woodturning Symposium, which starts Friday, March 15th, and ends Sunday, March 17th.

We need to get our big lathe, safety shield and related equipment down to Albany and set up on Thursday, March 14th. Pack up and clean up volunteers will be needed on Sunday afternoon.

I haven't done this myself, but PNCI apparently has a fork lift and will load the lathe into the vehicle, and the Albany convention center has equipment to unload it.

Please let me know.

Thanks,

Harvey Rogers

## SAFETY FIRST

### Think “Safety First”

My wife and I are moving to northeast Portland from the house we have lived in for 28 years. The haulers arrive tomorrow, my wife is down south playing golf for a week, and I am frantic, so I am writing the briefest possible safety article.

It begins with a question: If a picture is worth a thousand words, what is a picture of nine words worth? [hint: calculating the answer does not require use of either the Pythagorean or binomial theorems]

Now please apply your calculated result to determine what the following picture of nine words is worth. I think it is worth a lot, because it has the pithiest bit of lathe safety advice I have ever seen:

Please read the sign often, and always follow its advice!

Take care and turn safely,  
Harvey Rogers, Safety Officer

## CLASSIFIEDS

To place or continue an ad, contact Jerry Klug at [turningwood@bendbroadband.com](mailto:turningwood@bendbroadband.com) . We will run ads in the next newsletter after receiving your ad. Let us know if you want your ad continued more than one month.

**FOR SALE:** My name is Damon, I'm a member of the Inland Northwest Woodturners Association up here in Spokane Washington. I will be driving down next week for the symposium in Albany. I wanted to reach out to you and your members to see if there would be anyone interested in my Oneway Easy Core bowl coring system. Its only been used a couple of times and includes the base plate, 9", 11" and 13" knife sets. Its in excellent condition. There was no interest from our club members as everyone that wants a coring system already has one so I thought I would reach out to other club members that are along my driving route. The set up I have is over \$700 brand new and I'm asking \$425.

If you know of anyone that might be interested I would be happy to put it in the car and bring it down with me. I can be reached by email or phone.

**FOR SALE:** Meg McNab's father passed away recently and left behind a very lightly used Jet mini lathe with a collection of miscellaneous tools. Even though the lathe is from 2001, it is in new condition. It comes with the tools shown in the photos plus more. She would like to get \$500 for everything. Please call or text Meg at 1(253) 347-9714.
